### INFORMATION AND WHAT'S GOING ON

I would like to apologize for the inconsistent Post 129 Kitchen operations. Various rumors were ongoing of me while I was gone, the truth is that I've been very ill and undergoing various medical tests.

I would like to personally thank my wife Tracey for being by my side. Wanda who also helped me various evenings when I was open yet very weak. Richard SAL 2nd Vice and Danny R. who volunteered various evenings to keep our kitchen open when I was unable, Thank You again.

Great Job to all who were able to support Foodservice & Bar operations

in the Back Hall during our Legion renovation period.

I would like to personally thank Danny Rodrigous who helped us repair our Kitchen Exhaust Fan on the roof. We had to replace the motor which burned up on 6 FEB and the real reason why the Kitchen was closed for business.

I would also like to thank all our volunteers who used our Kitchen and ask that we maintain it as a Clean, Sanitary and Organized Facility to help the next person who volunteers. Your Safety & Health depend on our care & Food Service operation.
